## Foot Operated Sanitiser Dispenser Stand

Developed to combat the effects of the Covid-19 virus with regard to hand sanitisation, Savy Design is now offering an affordable, hygienic and widely available **Foot operated Sanitiser Dispenser Stand**.

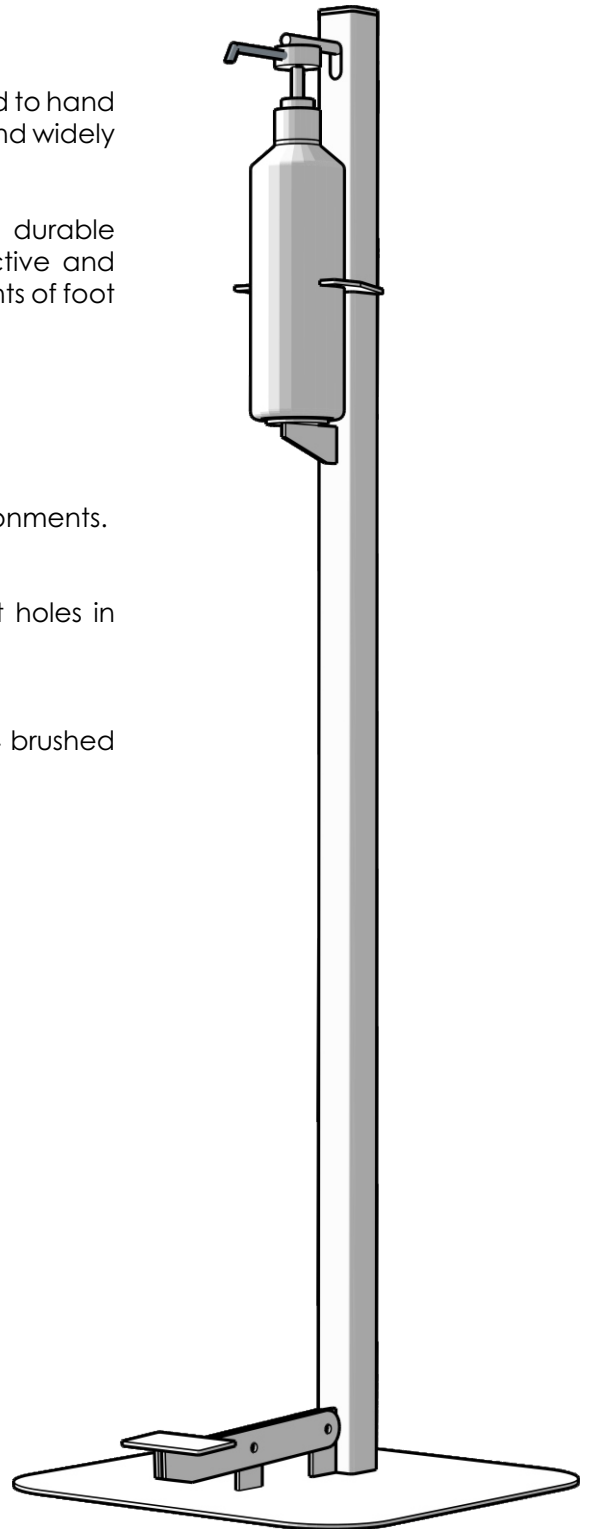

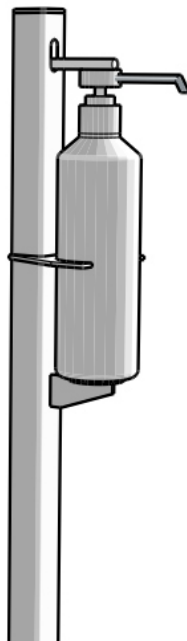

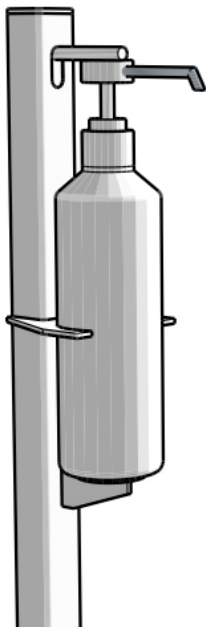

Our foot operated sanitiser dispenser stands are made from durable stainless steel and have been designed to be both cost effective and aesthetically pleasing, while still being able to handle high amounts of foot traffic.

### Features & applications:

- Hands-free and easy to use.
- Sturdy pedal construction.
- Can be used in a variety of wet or dry, high traffic business environments.
- Delivered assembled.
- Assembled size: 1000mm H x 300mm W x 300mm
- Additional option to be securely bolted to the floor via bolt holes in baseplate. (bolts & washers supplied)

### Materials:

- Our sanitiser dispenser stands are fabricated from Grade 304 brushed Stainless Steel.
- All supplied fasteners and fixings are Stainless Steel too.
