## Stainless Steel Folding Washing Lines

You can't beat Savy Design's **stainless steel folding washing lines** when it comes to:

- Looking great
- Saving space
- Durability
- Ease of use

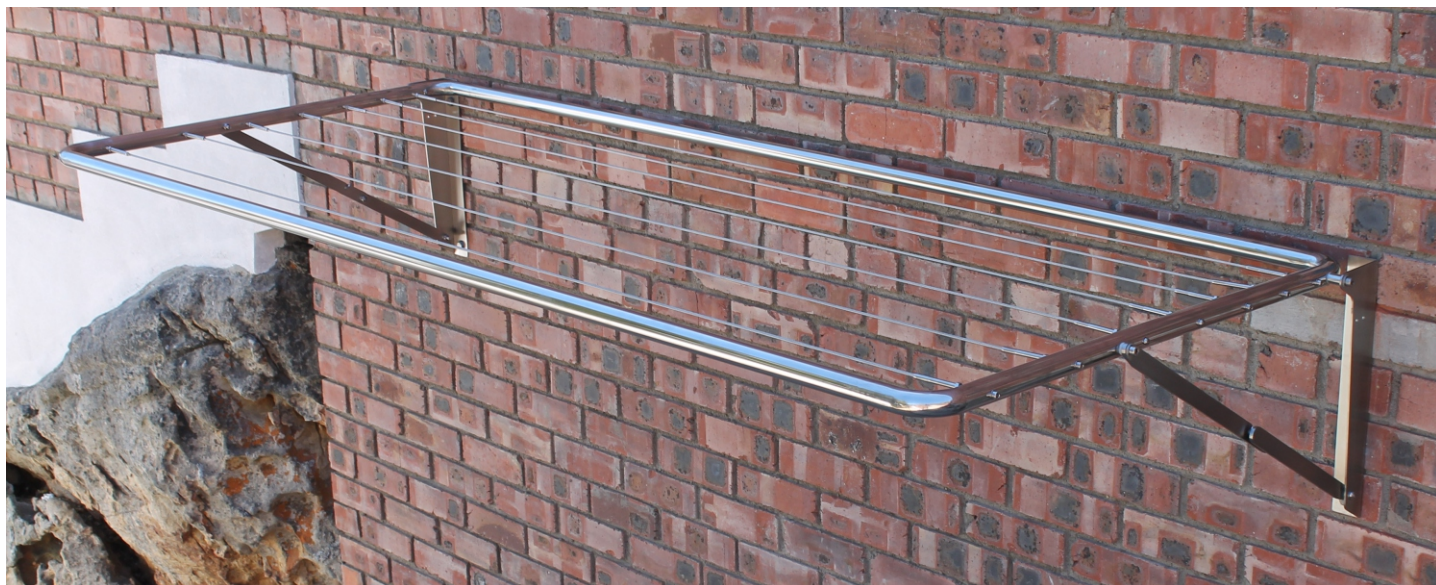

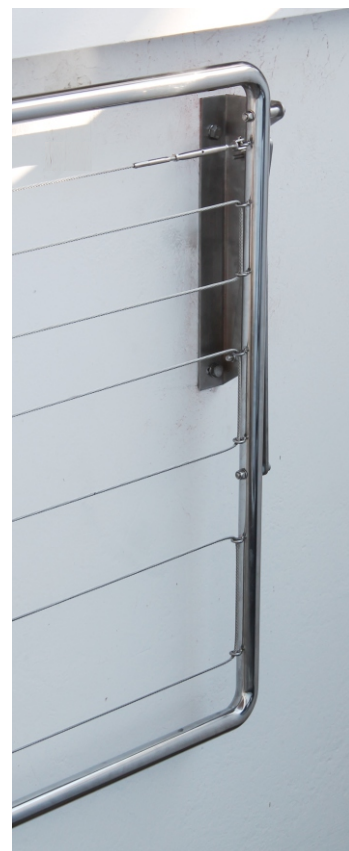

They are designed to be mounted on a wall, and fold down against the wall when not in use.

### Features:

- Unique, sturdy folding mechanism
- 15m of line space
- Durable and easy-to-clean stainless steel lines
- Manufactured in grade 304 stainless steel, with grade 316 optional on request for corrosive environments
- Custom sizes are available on request.

### Dimensions:

- Our standard unit is 2.25m wide and 950mm deep.
- Over 15m of line space.
- We can also customise these dimensions as required.
